

How to enter your game scores

After the Home Team submits the score, the visiting team can "verify" the score and then the game will be officially submitted.

1. The Home Team will need to sign in with your team login, provided by the league using the [TEAM LOGIN LINK](#).
2. After signing in, click on "LEAGUE GAMES" (found on the left hand menu or mobile the 3 strips in the top left corner).

3. In the League Games screen, make sure the "START DATE" is correct then click on VIEW.
4. Find the game you want to enter the score for and click on the green square with the pencil in it.

5. Type in the Home and Visitor scores then select Game is Finished.
6. Scroll down and highlight all players that were at the game (as per player ID check on game sheet).

7. Enter all the goals that the players scored and then click on UPDATE ROSTER.
8. Scroll down further and upload the game sheet.
